## CUSTOM PAINTING

Sizes: All spoon and blade sizes carried by Warrior  
Finishes: All finishes carried by Warrior (based on spoon or blade type)

Warrior will paint custom colors and patterns on ANY of our spoon or blade blanks. If you do not see a color or pattern that you rely upon to consistently boat fish, give us a call! We'll ask you to order six of the same product (size, type and pattern) and provide us with a detailed description (or sample), then we'll get busy making YOUR spoon or blade! Custom orders do typically take a bit longer to ship, we'll let you know how long when you call. Some die-cuts (decals) are not available in the smaller sizes.
